

## POLICE 2015 Women's Collection

Super-feminine and plucky, the 2015 Women's Collection from Police is dedicated to a woman who pays close attention to the latest trends and who is in search of a unique style that can best express her "urban attitude": cat-eye or oversized and round frames, in acetate or metal, are enhanced by colours such as light blue, green, blue, purple and red and are combined with contrasting or ton-sur-ton lenses. The iconic eagle-shaped logo decorates the models on the front piece or on the temples, giving a vintage twist to the metropolitan look.

**SQUARE STYLE**  
**S8977 col. 502X**

A retro though also contemporary allure for this coloured, thin metal model which is so Sixties-like with its maxi shape and its coloured, cosmetic maxi lenses.

**URBAN CAT WOMAN**  
**S1970 col. 7CNX**

In spite of her strong attitude, the Police woman does not renounce her femininity. The cat-eye acetate front piece underlines the look of the wearer, turning her into a contemporary urban heroine. Metal temples with temple tips in coloured acetate and delicately gradient lenses.

**URBAN METAL VINTAGE**  
**S8950 col. W03X**

Bright colours give a cheerful quality to the round acetate in solid colours featuring the "clip-on" effect that recalls the Seventies, with distinctive details such as the metal bridge, ton-sur-ton temples and the iconic logo on the front piece. The model is designed for a woman who is in search of a retro-glamorous urban style. The thin temples are customized with the iconic Police logo.
