## POLICE WOMEN'S 2016 SUNGLASS COLLECTION

In keeping with the latest trends and technologies, the Police women's collection is designed for the confident woman whose style reflects her strong, bold personality. Cat eye or slightly squared shapes perfectly match the basic, ultra-lightweight frames in a range of colours to suit every look: from the brighter reds and greens to the more classic blacks and browns. The styles, in acetate or metal, are all distinguished by the iconic Police eagle logo on the front piece, an unmistakable detail that makes each piece in the collection truly unique.

In a perfect synthesis between functionality and aesthetics, the side hinge becomes an element of style thanks to the vintage feel of the small Police eagle wings. The coloured frame and lenses make this the ideal design for summer.</p>
