

## POLICE

### 2017 Sunglass Collection

---

In the new men's eyewear collection the details inspired by the heritage of Police convey the brand's new and modern identity and give the styles added value. This places masks and styles with ultra-flat lenses - this season's trend - alongside more traditional frames, with temples sporting super-innovative structures and materials. The men's collection is developed in 4 clusters, each one with very specific products and targets: Heritage Urban, the brand's metropolitan, distinctive look, Heritage Sport, casual and comfortable, Discovery, non-conventional and innovative, Fast Fashion, trendy and eye-catching.

Sun 2017 is the first collection of Police eyewear designed by Enrico Furlan, new House Brand Creative Director of De Rigo Vision.

#### **Flow 1 - SPL339 col. 581X**

---

Total silver style with a futuristic, non-conventional look. The frontpiece is a flat mask in an oversize, aviator shape. The flexible temples are in ultra-thin metal.

#### **Blackbird 1- SPL354 col. Z35M**

---

Glasses with square-shaped, composite frontpiece. The Police "wings", the brand's signature, appear on the frontpiece as a metal detail and on the temples, heat-impressed into the acetate. The lenses are polarized.

#### **Jungle 3 - SPL366 col. L50X**

---

This style has a thin, minimal structure and "soft touch" rubber finish. The square frontpiece with double bridge and ton-sur-son camou print on the temples are style details sure to turn heads.

# POLICE

## Highway Zero 1 - SPL361 col. 8AM

---

These metal glasses with characteristic double profile are a tribute to the great Police classics of the 1980s. The elegant, minimal form of the minimal frontpiece enhances the flat, coloured, anti-reflection lenses to match the temple tips.

## Speed 1 - SPL352 col. 6AGG

---

A sporty look for this style. The temples are covered in soft rubber to ensure maximum comfort, while the steel frame ensures resistance and flexibility. A touch of colour, yellow in this case, for flash lenses and temples. The frontpiece is personalised with a metal decoration, symbol of the Police "wings".
